To log out from each campus system (Email, Moodle, Arrow, Banner, myULM)

If you log in with an incorrect ID or password, this error message is displayed.

The screenshot shows a web page with a red 'X' icon and the text "Authorization Failure - Invalid User ID or PIN." Below this, there are two input fields: "User ID:" and "PIN:". There are two buttons: "Login" and "Forgot PIN?". At the bottom, it says "RELEASE: 8.2".

If you attempt to log in too many times, **your account will be locked.** This message may be displayed.

The screenshot shows a browser window titled "Login Not Allowed". The message inside says: "Your Web access has been disabled. Please contact the Computing and Information Services Office for information about your account."

Please call the Registrar's office at 318-342-5262 to have your PIN reset. Make sure to mention that you are trying to log in to Banner and that your account has been locked and access disabled.

If you are NOT a new student, and have forgotten your current ARROW PIN, enter your User ID (CWID) again, and click on the Forgot PIN? button. If you can answer your own secret question, you will be prompted to change the PIN yourself. **Remember** this new PIN for future Banner web login access.
