Set to "No", assignments submitted after the due date will be marked as late, but students will still be able to submit them. Set to "Yes", assignment submission will be blocked after the due date.

By default, students cannot resubmit assignments once the teacher has graded them. If you turn this option on, then students will be allowed to resubmit assignments after they have been graded (for you to regrade). This may be useful if the teacher wants to encourage students to do better work in an interactive process.

Default mode for the course:
- No groups - there are no sub groups, everyone is part of one big community
- Separate groups - each group can only see their own group, others are invisible
- Visible groups - each group works in their own group, but can also see other groups
